### THE PRESIDENTIAL ELECTION

Takes place on Tuesday, the 2nd day of November. The polls open at 6 o'clock A. M., and close at 7 o'clock P. M.

The Religious Test—Letter of the Rev. Mr. McDonald, to Dr. Urban, of this City.

Perhaps the most disgraceful of all the whig maneuvers in the present canvass, is the attempt to enlist religious prejudices into the present canvass. They, indeed, evidently regarded this effort as a trump in the game. They knew they were in a hopeless minority in the United States, and if they succeeded at all, it must be by some simple maneuver to accomplish the delicate task.

It was the design of the original Scott men to run him on trust upon the slavery question without a platform; and thereby get the abolition vote. In this they succeeded only partially. The platform was ingeniously devised to gall the public, and not approved by Scott, but annexed to it.

This was a serious inconvenience, and has kept the Scottites in the free states explaining very industriously. The next card in the game was the scheme to catch the Catholic vote.

As soon as Scott was nominated, the whigs commenced the attack upon the test, and at first boldly charged that Scott was in favor of it.

Thinking the people have short memories, the whigs pretend that Geo. M. Dallas commenced the agitation of this subject. This is utterly false. We heard the charge made only the day after Scott's nomination, and the morning previous to the speech of Dallas; the charge was made in a public journal in Philadelphia, which called for the reply made by Mr. Dallas. From that day to this the whig party have labored to establish this charge by falsehood and fraud. The Boston Post calls it the biggest lie of the canvass. We don't know about that. The effort to prove Scott unsound on the slavery question is a full match for it. Both attempts are in the face of notorious facts, in the public records. The attempt to prove Webster or Fillmore, a democrat, would not be more hopeless. There is not a man in the United States whose skirts are more clear of both these charges than General Pierce, both by word and deed.

As soon as Scott was nominated, the whigs began to defraud him from the charge of being a Catholic. Nobly made any such charge.

No democratic card whether he was a Catholic or Protestant; but in this way whig editors made an excuse for informing the world that Scott did not rob the churches in Mexico, and did divers kind things toward the Catholics in the country. They claim great merit for Scott on this ground; but we can't appreciate it. We have always been ready to defend Scott against stealing or robbing any body in Mexico. We never suspected him of such a design; and we are half induced to believe General Scott against the charge when Scott, the Seward and Greeley candidate for the presidency, made against him. The candidate says the General had a mind to pitch into the pictures and bring some of them home; and that he even intimated such a purpose to the venerable Atchibishop.—He was on the point of doing this without consulting the President of the United States, or anybody else.

We hold this a nefarious charge against General Scott. We don't believe a word of it. We think Scott, the candidate, has caught the gassing infamy of his party, and has made a charge against GENERAL Scott that he can't sustain.

We don't believe a word of that other disgraceful story about General Scott listening to an overture involving his honor, and his good faith to his government. If such a proposal was ever made it was a Mexican trick to overreach General Scott. Just such an one as Santa Anna played off upon the vain and consequential old man, and according to Scott, the candidate, the why Mexicans didn't miss their man.

He might have succeeded, if he had only thought a little less of home. The dishonesty and baseness of the whole business, the candidate says, nothing about it. He don't intimate that General Scott revolted at the proposal at all.

The candidate of Seward, Greeley & Co., intimates that Mexico was in favor of annexation to this country, and that General Scott knew it, but he never informed his government at home of any such thing. He held a private consultation with himself, and decided the grave question himself, when it was none of his business; finally escaped a bribe himself, and came home to run for President of the United States.

Thus we escaped a disgraceful ending of the Mexican war, merely by a whim of Gen. Scott. He didn't want to be mixed up with the Mexicans. What, if his mind had inclined the other way? A few years ago he was fired with indignation at European foreigners. He didn't want to be mixed up with them. He is changed now; he loves the language of the Irish, and the home accent of the German. Who knows what hour he may fall in love with the Mexicans; and it's lucky the fit didn't come on him whilst he was at the head of the army in Mexico.

But to this trap to catch the Irish and the Catholics; read the letter of Mr. McDonald, to Dr. Urban, of this city, to refute the pretense that the letter to the Boston Post was a forgery. This ends the fraudulent attempt to implicate General Pierce in the charge of intolerance towards the Catholics or any other religious society.

The charge of favoring a religious test, is a grave one against any public man in this country; and such a charge against Pierce, is one of the biggest lies of the canvass. This letter will extinguish it in this region, and damage its authors.

We don't charge Gen. Scott with bigotry, much less the candidate Scott. He belongs to all the churches promiscuously, and will continue to do so until after the election.

MANCHESTER, Oct. 14, 1852.

It appears to me rather strange that you should doubt the genuineness of my letter to the Boston Post, as its authenticity was guaranteed by

the Boston Pilot, which you must have seen.—I assure you that the letter you enclosed to me is a true copy of my Boston Post letter. I further assure you that in writing that letter, I did not mean to give it a sense of justice, or a motive but by that of a sense of justice, for I have frequently rail at correspondents. I am under no obligation to Pierce, or to his party, farther than that he always has shown an proved himself to be an uninterested friend.

I have a letter spoken to him, or solicited any favor from him or his party. But how could I pardonably witness, in silence, the attack made on him—namely, that he was no friend to the Catholics that he did not exert himself to have removed from the State Constitution the Test, which is, that a Catholic cannot be a Governor or Lieutenant-Governor, a Legislator, &c. I have a letter spoken to him, or solicited any favor from him or his party. # THE DEMOCRAT.

TUESDAY, OCTOBER 21, 1852.

**A WORD TO ADVERTISERS.**—All the advertisements appearing in the Daily Democrat are transferred to our Evening Edition, and receive a gratuitous insertion here. Thus each patron of the morning paper has the advantage of an evening circulation to a distinct class of readers free of charge.

## FACE THE MUSIC THE RIGHT WAY, AND NO DODGING.

The Courier is daily parading bets on one State and another, or some combination of States. The bets hitherto offered by the whigs are all on States that voted for Taylor; avoiding carefully the States that voted for Cass.

Now we are authorised to offer a bet that will test the sincerity of the Scottites about here, on the point at issue. It's no matter what is thought about this or that State. Who will be elected? that's the question. Here is the offer:

**\$10,000 THAT FRANKLIN PIERCE WILL BE ELECTED PRESIDENT OF THE UNITED STATES IN NOVEMBER NEXT.**

In order, however, that our whig friends may be accommodated who do not wish to go to the \$10,000 at a single dash, they are at liberty to bet from \$1,000 upwards. It is hoped that they will walk up and "face the music."

## WAKE UP AND SHOW YOUR COURAGE.

We are authorized to make the following offer to the confident whigs:

1st. A gentleman will bet \$500 that no whig can name three States that will vote for Scott; and \$500 that he can name six States that will vote for Pierce—the two bets to be taken together.

2d. \$500 that no whig can name four States that will vote for Scott; and \$500 that he can name eight States that will vote for Pierce—the two bets to be taken together.

3d. \$500 that no whig can name five States that will vote for Scott; and \$500 that he can name ten that will vote for Pierce—these to be taken together.

4th. \$500 that no whig can name six States that will vote for Scott; and \$500 that he can name twelve that will vote for Pierce—these to be taken together.

Another Banter! For River Men!!!

The owner of the Steamer LUNATIC, proposes to dispose of said Steamer for \$15,000—which is thirty three per cent. on cost—payable when Pierce is elected President of the United States.

There is a rate of pay for those who have confidence, and a chance they should not let go by, Don't all speak at once.

Apply on the boat, or at the steamboat agency of Messrs. Moore & Campbell, on Water st., near Wall street.

JEFFERSONVILLE RAILROAD.—Through to Terre Haute in Daylight.—The Jeffersonville Railroad is completed to Columbus, Ind., a distance of 66 miles from the former place, and the passenger and freight trains are now making daily trips. From an advertisement in another column, it will be seen that on and after Monday next, an express train will leave Jeffersonville at 5 o'clock, A. M., for Columbus, and an express train will connect with the Madison and Indianapolis road, at Columbus, arriving at Indianapolis in time for the express train for Terre Haute, thus making the entire trip from Jeffersonville to Terre Haute in one day.

The Jeffersonville company have made arrangements with the owners of the Ferry boats, so that one of the boats will commence running between this city and Jeffersonville, at 4 o'clock in the morning, thus enabling passengers from this city to reach the Depot in time for the express train.

The St. Louis papers think that the greatest difficulty of the season in navigation has been experienced. Boats are leaving there now, drawing six feet water, and Tea Table Bar has had a deep channel washed through it.

A sugar house, nine stories high, and to cost \$300,000, is about to be erected on Leight street, in New York.

Whigs in Illinois.

Mr. Brown has discovered that Gen. Scott is not sound on the compromises of the Constitution. Mr. Brown must be a wonderful man; he has made a wonderful discovery. The whole whig party of the South—including at least ten thousand men who may be supposed equal to Mr. Brown in political intelligence and moral integrity—and numbering among them some of the first men of the nation—are satisfied that Gen. Scott is true to all their guarantees.—*Congressional Record.*

The editor of the Commonwealth hasn't heard the news, when he speaks of the whole whig party. He must leave out Tomb, Stevens, Clingman, Faulkner, Gentry, Williams, Caldwell, Conrad, and a large list of others. Mr. Brown is with the atheist and most disengaged whigs of the Southern states in his list of Scott's supporters. We could add a long list from this region.

Ohio for Scott.—The returns of the State election prove conclusively that Ohio can be carried for Scott, if the whigs and democrats who mean to vote for him will only come out and vote.—*Congressional Record.*

All—if that will be the death of the whig party. The whigs will forget to vote, most likely; and the democrats will be certain to forget and write Pierce instead of Scott, and so will end the hopes of the Scottites—a with an ill.

The PANORAMA OF THE WORLD.—This exquisite painting is still on exhibition at the Old Fellows' Hall, and we again urge those who have not seen it to go at once, while an opportunity is offered.

The views represented on the painting, are indeed beautiful, while the performances of the talented McEvoy Children combine to make it the most attractive and pleasing of the kind that has ever opened in our city. Go and see it before it leaves.

READER, consult your telegraphic advices and answer, what means all this but the solemn warning of the total rot and dispersion of Gen. Scott and his pied-billed higher law party, on the awful second of November? Our socialist philosophers and infidels cannot be permitted to rule in this country. Read the returns.

Our special Albany correspondent writes that one of the largest and most enthusiastic democratic meetings ever held at the State capital was convened last evening. It is said to have fully equalled the spontaneous demonstrations in the palmy days of Gen. Jackson. John Van Buren made a speech, which was received with the most unbounded applause, in the course of which he very aptly remarked that Gen. Scott, since his tour through Pennsylvania, Ohio and Indiana, had received a "fire in the rear" that he would be likely to remember for some time. The vast multitude seem to have been perfectly wild with excitement.—There were no bounds to their exultation; and when the time comes to vote, they will come up to the mark with a unanimity that will even astonish themselves.

Very respectfully yours, E. H. B.

[REPLY.] DANVILLE, Pa., Oct. 4th, 1852.

PATRICK DONAHUE, Publisher of "Boston Pilot," Boston.

The copies of the Boston Pilot, of Oct. 2d, which came to this place, contained, inside of the paper, on a separate print sheet, the speech of Wm. E. Robinson, on Catholic Emancipation. As the opinion heretofore expressed by the Pilot, in reference to this speech, rendered it highly improbable that the speech could have been put in the papers before they were mailed, a telegraphic despatch, was yesterday sent to the publishers to ascertain whether such was the case. The despatch and reply, which are given below, leave no doubt that the wrappers have been taken off the papers. I give you this early information that you may put our friends on their guard. The same game may be playing elsewhere.

Very respectfully yours, E. H. B.

[REPLY.] BOSTON, Oct. 5, 1852.

E. H. BALDY—Robinson's speech was not put into the Pilot at publication office. Must have been done in post office at Danville.

PATRICK DONAHUE.

The same game is played elsewhere. We have just learned that some one has imposed upon our subscribers at Bridge-water, in this State, in a similar way.

When this thing is done, the people may generally rely upon it that the imposition is practised in the post office where the papers are distributed.

We know that with postmasters, it is a matter of political life or death. If Scott be not elected, they may lose their offices. We know, too, that the Presidential vote will be very close, in which case the new President will be elected by the votes of citizens recently adopted. This explains the anxiety of politicians, and their extraordinarily dishonest efforts to secure those votes. One hundred of them may turn the scale. Yet all this does not justify the conduct of these party hacks.

Let our readers be on their guard against these tricks. The partisan documents of the season are so numerous that we can only give general directions about them. If they read the Pilot regularly, they need not be deceived by politicians. When we notice a document favorably, they may regard it as trust-worthy. They should upon every document calculated to tick them out of their votes on the strength of the New Hampshire lie. They should throw into the fire each and every document coming from Greeley's Tribune office. They should refuse to notice any document tending to make them vote on the Presidential question in consequence of some local issue. They should disbelieve any proof that the whig party is of small merit. They should be guided, in their voting, by general, American, mainly, Catholic principles. We endeavor, finally, to help them in this matter. If they follow these directions, they will cast an intelligent honest vote, whether that vote be for Pierce or Scott.

We hope that our Catholic exchanges will promptly notice this new trap for Catholic voters.

THE TWO FACES OF WHIGRY.—I know Gen. Scott, and I know his associates, and they are all right on the subject of slavery.—Speech of Greeley, at Meriden, Connecticut.

This is the game of the double-faced whigs in the North, while at the South they hold language like this, from the Mississippi Argus:

"Gen. Scott is always present to us by his friends as the man whom it is our interest to elevate to the Presidency; and to Southerners with Northern interests, he presents claims for their suffrage of no small weight. Born among us, reared in our midst, educated in the South, identified in person and property with us—for Gen. Scott owns slaves, though it is not generally known."

The preparations for the departure of the fleet of the U.S. are going on rapidly, and the state of the ship Vernon, a screw-of-war, and the state of Macdonald, have been added to the number of vessels already fitted out. The place of rendezvous for the expedition is Annapolis, N. Y. Eng. Post.
